

June 19, 1939.

The regular supper meeting of the Executive Committee of the New Jersey Urban League met on the above date at the Y.M.C.A. in Jersey Street with fifteen members and friends present and Mrs. George Bell in the chair.

A letter had been received from the holder of the mortgage on the property at 58 W. Market Street requesting payment in full. Most of the discussion was centered about the meeting of this problem. Three ways were taken up:

1. Find the money to pay. It was thought that maybe some person or persons might be interested enough in the work of the organization to make contributions.
2. Have the mortgage transferred.
3. Leave the property. This brought up the question of the value of the services of the Phyllis Wheatley Home. Finally action was made by Rev. Schindel, seconded by Dr. Levy and carried that the budget of the home be broken down, a detailed description of its activities be made, its services evaluated. An amendment offered by Rev. Weathers that the committee recommend what should be done was accepted.

Mrs. Gswell wondered if a Professional Center could be set up at 58 W. Market Street if the Home were closed.

Question was raised as to whether the League could have financial campaigns outside of Newark.

Forty dollars had been received from the Stadium Concerts.  
Motion by Miss Shepard seconded by Mrs. Moorfield and carried  
that this money be turned over to the house committee.

Announcement was made of Dr. Alexander's appointment to the  
State Board having been confirmed by the Senate.

There being no further business the meeting was adjourned.

U.M. Janifer, Secretary
